THE CAUSE AND CURE OF ON-SUMPTION.—The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation, I mean that process by which the nutriment of the food is converted Persons with direction thus impaired, having the slightest predisposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I nold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and howels from all diseased muchs and simple which is to consumption the stomach and howels from all diseased muchs and slime which is the front door of the Court House in the village of Paw Paw. ato blood, and thence into the solids of the body howels from all diseased macus and slime which are clogging these organs so that they cannot perore the liver to a healthy action. For this purpose, the surest and best remedy is Schenck's Mandrake Pills. mat at those and cavities are heated up sound, and my purlent is cured.

The essential thing to be done in caring Consequation is to get up a good appetite and a good sector, so that the bedy will grow in flesh and sector, so that the bedy will grow in flesh and sector of the cavity cannot heat, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. This is the true and only plan to cure Consumption, and if a person is very had, if the lungs are not entirely destroyed, or even if one lung is entirely gone, if there is enough vitality left in the other to heat up, there is hope.

I have seen many persons cured, with only one seand lung, live and cripoy life to a good old age. This is what Schenck's Medicines will do to cure Consumption. They will clean out the stomach, sweeten and strengthen it, get up a good digestion, and give Nature the assistance she needs to clear the system of all the disease that is in the langs, whatever the form may be.

It is important that, while using Schenck's Medicines, care should be exercised not to take cold; keep in-doors in cool and damp weather; avoid night-air, and take out-door exercise only in a genial and warm sunshine.

I wish it distinctly understood that when I recommend a patient to be carefulin regard to taking cold while using my medicines, I do so for a special reason. A man who has but partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely caved, and it is precisely the same in regard to Consumption. So long as the lungs are not perfectly healed, just so long is there imminent danger of a full return of the disease. Hence it is that I so strenuously ca

The person should be kept on a wholesome and natiritions dist, and all the heddiches continued available, and all the heddiches continued apartity of desh and strength.

I was myself cared by this treatment of the worst kind of Consumption, man have lived to get fat and hearty those imany rears, with one ling mostly gone. I have cared thousands since, and very many have been cared by this treatment whom I have never seen.

About the 1st of October, I expect to take possession of my new building at the northeast certain to the highest bidder, at the front door of the Van Buren county Court House in the village of Paw Faw, the premises described in said mortgage, or so much thereof as shall be necessary to satisfy the amount due on such mortgage, with interest and legal costs, the following described land viz. the Fast half of the South West quarter, and the South West quarter of the South West quarter of the South West quarter of Section Twenty-one, in town two South of Range four-teem West, containing one hundred and twenty acres more or less.
